

The false reasoning used by the WTS to arrive at its date of 607 BCE for the Destruction of Jerusalem.

3. Jerusalem destroyed

1. Babylon falls

2. Jews return

WTS accepts **539 BCE** from secular historians.

The secular historians calculate 539 BCE from an Absolute Date and a chronology that the WTS rejects.

70 years

The WTS is unable to prove that the Jews returned in **537 BCE**
