

Religious imperatives behind the rejection of evolution

Complexity of DNA is the evidence of divine intelligence

"If the Bible is true, then DNA should provide strong evidence that it is the product of an orderly, intelligent mind." – *The Origin of Life*, page 13

This proves there is single God

God had to communicate

God **inspired** only the Hebrew writings

God **protected** only the Hebrew writings

God **protected** the creation of each Bible canon

God kept **protecting** all Biblical texts

God keeps protecting only the followers of the Bibles

The Creation accounts are thus literally true

Noah's Flood therefore really happened

This catastrophe accounts for the fossil records

Adam and Eve

Fall and Sin

Need of a Saviour

Accepting evolution means rejecting God's salvation
